LINE

WELCOME

With this catalogue SOFTLINE embraces the new reality with an authentic and creative furniture collection. It reflects our approach to design – driven and inspired by simplicity, the natural world and sustainable materials.

The new SOFTLINE collection marks a new design era defined by human touch, a warm and homely feeling, and a natural and muted colour palette.

Our high-quality furniture is made by our experienced and skilful employees at our own factory in Denmark.

The world is constantly changing – just like humans. Both public spaces and private homes require inspiring and functional furniture that can be used in new and creative ways when our needs change – even from day to day. Therefore, we have been working closely together with leading international designers in order to take a big step into the future of upholstery furniture with this collection.

By continuously developing new collections and creating high-quality innovative and iconic designer furniture, SOFTLINE has become a global brand, and our furniture can be found in private homes and public spaces all over the world.

We hope that the catalogue will inspire a new way of interior decorating.

By your side.
STOK is a versatile side table that is perfect to have at hand. It can be placed by a sofa or next to the bed, depending on where you need a small table. With the characteristic handle, the tables are easy to move around, and since they are stackable, they take up minimum space. The graphic cut-outs in the tabletop combined with the simplistic handle beautifully express the functionality of the table.

XO

DESIGN: BUSK + HERTZOG

Your perfect sidekick. XO tables are airy and elegant. Choose between the XO with a fixed height or the adjustable version. The asymmetrical placement of the table leg allows the table to be placed over the seating area of almost any sofa or chair imaginable. The shape of the tabletop is designed to match different user scenarios depending on if you need at the side table or a work table for your iPad or laptop. On the height-adjustable version, the height of the table can be adjusted in one move.

FOLIA

DESIGN: CHARLOTTE HØNCKE

Invite nature in. With a thin frame and tripartite top, the table FOLIA is inspired by the shape of a clover. It's available in two heights and can be used on its own, but looks even better if you put several together in a cluster or arrange them to overlap. The design is light and airy, and the inspiration from nature is easily recognizable.
